## From coal to the energy of the future.

- Experience the development of coal mining over the time, from ancient days to modern times!
- See the mining machinery and have a look at the geological structure of the Šaleška Valley.
- Experience how miners lived more than 100 years ago.
- Become acquainted with the world famous Velenje mining method – this is the method used by miners today.
- 18 scenes from the life and work of the miners.
- Sale of gift tickets.
- We also organize birthday parties, celebrations and business meetings!

## The museum offers:

- coal mining values (Good luck – companionship, solidarity, help);
- knowledge of coal mining activities;
- guided tours in multiple languages;
- accessibility for the disabled;
- favourable promotion of events;
- cultural themes;
- additional offer (typical mining souvenirs, exhibitions, etc.);
- joint programmes involving tourist destinations of the SAŠA region and Šaleška Valley with other providers of tourist services.
